

Climate Change

Our climate change resilience and adaptation program helps reduce the vulnerability of smallholder farmers and pastoralists to increased climatic uncertainties. Our focus is on diversifying livelihoods to reduce risks, improving agricultural techniques and strengthening community-based natural resource management.

People with disabilities

In Tanzania and across the world, stereotypes, prejudice and stigma contribute to the discrimination and exclusion experienced by PWDs.

At TACCEI, we are working to change community's perceptions and support PWDs through education, health, food and other social needs.

Get Involved

Volunteer

All the work we do to help our community and wildlife would not be possible without our amazing volunteers. If you would like to give some of your time and skills to help our community and wildlife thrive together, please email us now!

Donate

You can support our work by making a donation through our

bank account: 0030035997

Bank: EXIM BANK

Swift code: EXTNTZTZ

With our transparency in the use of funds, your donation will directly impact the lives of people and wildlife through our ongoing programs in rural Tanzania.

Fundraise for us

We regularly organize fundraising campaigns to help us get new projects off the ground and if that's something you would like to help us with, feel free to email us at info@taccei.org.

TACCEI

TANZANIA CONSERVATION AND
COMMUNITY EMPOWERMENT INITIATIVE

About us

We are a people-driven nonprofit organization dedicated to nature conservation, education and community empowerment through engaging projects and initiatives.

Mission

To sustainably conserve Tanzania's biodiversity and safeguard communities' livelihoods.

Vision

Healthy biodiversity, thriving communities.

What we do

At TACCEI, we believe that change is driven by communities taking ownership of their future and shaping it in their own vision. Guided by this belief, we focus our work on the following areas:

Nature Conservation

TACCEI works to protect Tanzania's vast biodiversity through community-centered initiatives. Our work includes scientific research, field conservation and environmental education

Community Empowerment

We work with our communities to increase their capacity to develop sustainable livelihood options that reduce poverty and conserve biodiversity.

Education support

Limited access to education leads to high level of illiteracy, a serious obstacle to community growth and development. Our program supports children from poor families, raise awareness to the community and improve learning environment including classrooms, toilets and desks for public schools in rural Tanzania.

Gender-based violence

Our programs focus on changing social norms that perpetuate the severity of GBV in our communities. Through education, empowerment and mentorship for girls and women, TACCEI is taking action to end violence against women and girls in Tanzania.
